MESSAGE: Small Group

Attached is the information being sent today by mail to bdac governance workgroup. It is the same information I included in the Policy Group packet for their 3/10 meeting. I realize the small group has not reviewed and commented on the materials but decided some information needed to go out to provide enough background before the meeting-- BUT I plan to revise the materials after our small group meetings on the 5th and 8th and provide the revised materials at the BDAC workgroup meeting. On the 5th I hope we can finish the discussion of each eco option and cover the functions of the Oversight entity. What we don't finish we will continue on the 8th.

Please email me or call to let me know if you are attending in-person, calling in, or unable to attend.

Friday 3/5 9 am to 12 noon
